(Department of Commerce) Of the total personal expenditures for all forms of recreation, motion pictures accounted for 10.4 cents in 1954, 10.4 cents in 1953 and 11.3 cents in 1952. This was exceeded in the Department of Commerce records only by radios, television receivers (including repairs and service), phonographs, records and musical instruments which accounted for 18 cents in 1954, 18.3 cents in 1953 and 18 cents in 1952; and by the expenditure for magazines, newspapers and sheet music which was 13.8 cents in 1954, 14.1 cents in 1953 and 14.2 cents in 1952.

In the U. S., 22 of the 48 states and two of the three territories impost state admission taxes or retail sales or gross receipts taxes applicable to motion picture admissions. In addition, Connecticut imposes a state tax on places of amusement, based on seating capacity, and North Carolina, South Carolina and Delaware levy state license fees on motion picture theatres. (COMPO survey.)

NUMBER OF THEATRES:

There were 13,900 permanent four-wall theatres regularly exhibiting motion pictures as of July, 1956, and 4,300 drive-in theatres, more than a third of which are open all year round. Independent sources estimate the number of new theatres built and opened between 1948 and July, 1956, at 800.

The 4,300 drive-in theatres operating at mid-year, represent a growth in that field from 100 theatres in 1946. In 1948 there were 820. Average capacity is estimated at 550 cars. Drive-in theatres account for approximately 20 percent of the total box office gross. (For a list of drive-in theatres operating in the U. S. see page 545.)

There are about 600 circuits, each with four or more theatres, operating some 51% of the total houses. (Department of Commerce figures). For list of circuits in the U. S. and Canada see page 475.

There are about 6,800 individuals or companies operating the remaining 49% of the theatres. (Department of Commerce figures).

It is estimated that gross refreshment sales in indoor and drive-in theatres total over $255,000,000 annually, that each indoor theatre patron spends an average of six cents on refreshments, and each drive-in patron 20 cents.

Approximately 70 per cent of the film rental gross on an average A picture comes from 1,000 key run bookings, 80 per cent of it from 5,000 bookings, and 90 per cent of it from 7,500 bookings.

The theatres seating more than 400 (9,000) sell 91⅓% of the admissions per week, and the theatres with less than 401 seats sell 8⅔% of the tickets.

Eighty-five per cent of all circuit theatres have a capacity of more than 400, and 44% of the non-circuit theatres have a capacity of more than 400.

The study indicated that in areas serving populations of up to 7,500 one-third of the theatres reporting were operating with an 8 per cent loss, computed solely on the basis of the box office dollar, without inclusion of revenues from refreshment sales. Theatres in other population areas reported the operating profit figure at from 5 cents to 9 cents.

THEATRES IN CANADA:

The latest complete Dominion Government figures show a total for 1954 of 1,936 regularly operating indoor theatres and 230 drive-ins. The balance was made up of some 700 community enterprise theatres, an institution unique to Canada, and some 800 itinerant showmen.

A community enterprise is a theatre operated in very small centers by local non-profit organizations, such as the Canadian Legion or Board of Trade branch. Its aim is to keep local shoppers at home instead of going to a nearby town to combine theatre-going with shopping. Some are equipped for 35mm showings but most have 16mm equipment.

The gross figures for 1954 show a total of about $100,000,000 for all types of theatres.

THEATRES IN THE WORLD:

There were an estimated 90,186 motion picture theatres in operation in more than 120 countries and territories in the world, not including the United States, on Jan. 1, 1955, according to a survey by Nathan D. Golden and Earl H. Young of the M. P.-Photographic Products Division of the National Production Authority. This, they reported, was an increase of 13,763 over the estimated total of 76,423 in 1951.

oon to be announced!

From UA in 1956 . . .

THE GREATEST STAR POWER

To Our Exhibitor Friends Throughout the World:

You have noted our various announcements of picture projects during this past year. Naturally, we have been proud of the producer, director and writer talents who have taken advantage of the opportunity afforded them through U.A. to enter into independent production.

Recently, in a trade advertisement, we listed the names of this imposing array of creative talents from whose efforts we have promised you a minimum of 90 pictures over the next three years—30 a year. This minimum is actually committed as of now and the 90 or more pictures are either already produced, or in production, or in various phases of script development. As part of this program, we have continuously stressed the importance of star power — of proven box-office values —and to that end, we have in many ways attempted to create inducements to stimulate additional production activity on the part of our stars, so that the good health of our great industry, which is measured at your box-office, could thrive.

Now, as we go forward, we are thrilled, as you will be, by the results of this encouragement. We are listing here without frills and simply in alphabetical order, some of the stars who will appear in some of our releases for 1956. There are listed here 35 stars and 29 pictures, which is only a part of our program for 1956. All but a handful of these listed pictures are now in production and principal photography has been completed on most of them. ***We believe this is the greatest star power ever included in a single year's program of any one company in the history of motion pictures.*** Many of these same stars have numerous other projects not here listed in pre-production preparation for 1957 and 1958. Other stars, such as Joan Crawford, Rita Hayworth, Betty Grable and others, are now in the process of activating their programs.

Other important announcements, adding to the U.A. family of producers, directors, writers and stars will soon supplement this imposing array. We hope that with this exciting line-up, you will feel amply rewarded for your past support of U.A. and that we may merit your ever increasing support, so that we, in turn, can make our contribution to the industry ever bigger and better.

How BMI Serves the MOTION PICTURE THEATRE

MUSIC is heard and enjoyed everywhere and just about all the time. It is hard to imagine what life would be like without music.

It is equally difficult to conceive of any well-balanced program of music without hearing tunes that are licensed for performance through BMI.

For BMI has added immeasurably to the public's enjoyment of music during its 15 years of service to music and broadcasting. BMI, through its affiliated composers and publishers, continues to make available to the world a widely diversified music repertoire—popular, folk, standard, symphonic, operatic, educational—that fills every music need.

BMI-licensed music is heard everywhere, all the time —on radio and TV, in the home, the church, restaurants, night clubs, ballrooms, hotels, skating rinks, amusement parks, concert halls, juke boxes, motion picture theaters and *wherever there's music.*

ASCAP

the music of America

For more than forty years the members of the American Society of Composers, Authors and Publishers have supplied our nation's tremendous entertainment world with its basic ingredient—the music of America. An **ASCAP** license grants the commercial user of music the right to perform the Society's entire repertory in one complete package. The top tunes of television, radio and records, tomorrow's song hits, yesterday's favorites, hits from Broadway and Hollywood, as well as the best in the field of classical and religious music are always available through an **ASCAP** license.

fame and fortune . . .

In each field there is one product
that is recognized as the most distinguished
in its sphere—the accepted peer among
all others of its kind.

The single word that expresses the utmost
in fine jewelry is *TIFFANY*.
In automobiles it is *CADILLAC*.
Among publications for industry and
business it is *FORTUNE*.

And among annual trade publications for
the field of motion pictures,
radio and television it is *FAME*.

There is an indefinable, but nevertheless
definite, *extra* measure of benefit—
a greater prestige value derived by the many
who make appropriate use of the pages
of *FAME*. It represents a rewarding
opportunity—an investment that pays
well and soundly!
